Foreword

Our high school years can be likened to a day. "Morning" is an awakening. The world comes alive and we eagerly anticipate things to come. Our administration has been "morning" to us. They have helped our minds to come alive, given us knowledge of our world, and aroused our curiosity for more of this knowledge.

In "midday," we find our underclassmen, who are facing the little problems and the rewarding moments which we experienced in the "midday" of our high school years. Our "afternoons" were filled with numerous activities which provided us with skills, relaxation, competition, and a chance to display good sportsmanship and school spirit.

"Twilight" reminds us of our unforgettable dances, plays, and other evening activities, and the work, the co-operation, and the enjoyment which resulted.

Finally, after a long and very important day in our lives, we near commencement, the beginning, the "dawn" of a new day. This day holds promise of things to come. As seniors, we will each depart our separate ways to find new and different days. This yearbook is a record of our day at Schwenksville, perhaps one of the most valuable and memorable times in our entire lives.

Dedication

For your patience and understanding of our problems,
For your guidance and leadership as our sophomore advisor,
For your never-ending stream of original ideas,
For your confidence and faith in us as a school, as a class, and as individuals,
For these, and countless other reasons,
We, the class of 1964, wish to dedicate our **Lanconian** to you,

GEORGE E. ROMASCO

To the Class of 1964:

The great American poet, Robert Frost, wrote in his poem,

The Road Not Taken

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth.

As high school seniors, you stand at the parting of the ways. Whatever directions you travel, you will take with you the thoughts and good wishes of the staff of your school.

The world, too, stands at a parting of the ways. Whether civilization moves onward and upward to barely dreamed of heights, or destroys itself in a nuclear holocaust, depends in large part on the course you take and the decisions you make. I look forward to the future in confidence that the work will be in good hands.

High School Principal

You have a big job to do! The past year has been filled with acts of violence and hate. Negro leaders have been murdered. Racial troubles have occurred in cities both north and south. Extremist groups have advocated policies detrimental to the welfare of our country. Irresponsible governmental leaders have fanned the flames of hatred and incited people to riot by advocating lawlessness and defiance of our governmental institutions and laws. Our president has been assassinated.

The assassination of President Kennedy has focused the attention of the world on the prejudice, hate, and violence that still exist in our United States. Our path is clear if we wish to achieve the ideals of equality and justice for which so many Americans have died. If we are to remain a strong and just America, the leader in the Councils of free nations; then, we must be ever vigilant lest we become the tools of extremists who inject the poison of hate into the stream of American life.

Each of us must combat the prejudice we meet from day to day. We must erase forever the conditions of intolerance because of race, color, or creed. Only a United America can hope to solve the complex problems of national and international living. As President Johnson has recently said, "The time is now, the place is here!" The responsibility is ours!

My best wishes for your future success and happiness.

Chemistry

Intriguing chemical mysteries appear as a change of pace from Biology and General Sciences. Thus begins a battle of wits to discover if chemical reactions occur naturally or because the instructor, Mr. Stein, switched elements.

Variety Spice

Typing

The "hit and miss" days are gone after a course in this subject. For future use, accuracy and efficiency are practiced.

Shorthand

Introduced in this subject is a new short cut to writing. Tapes are available for the students' use to practice taking dictation.

Social Studies

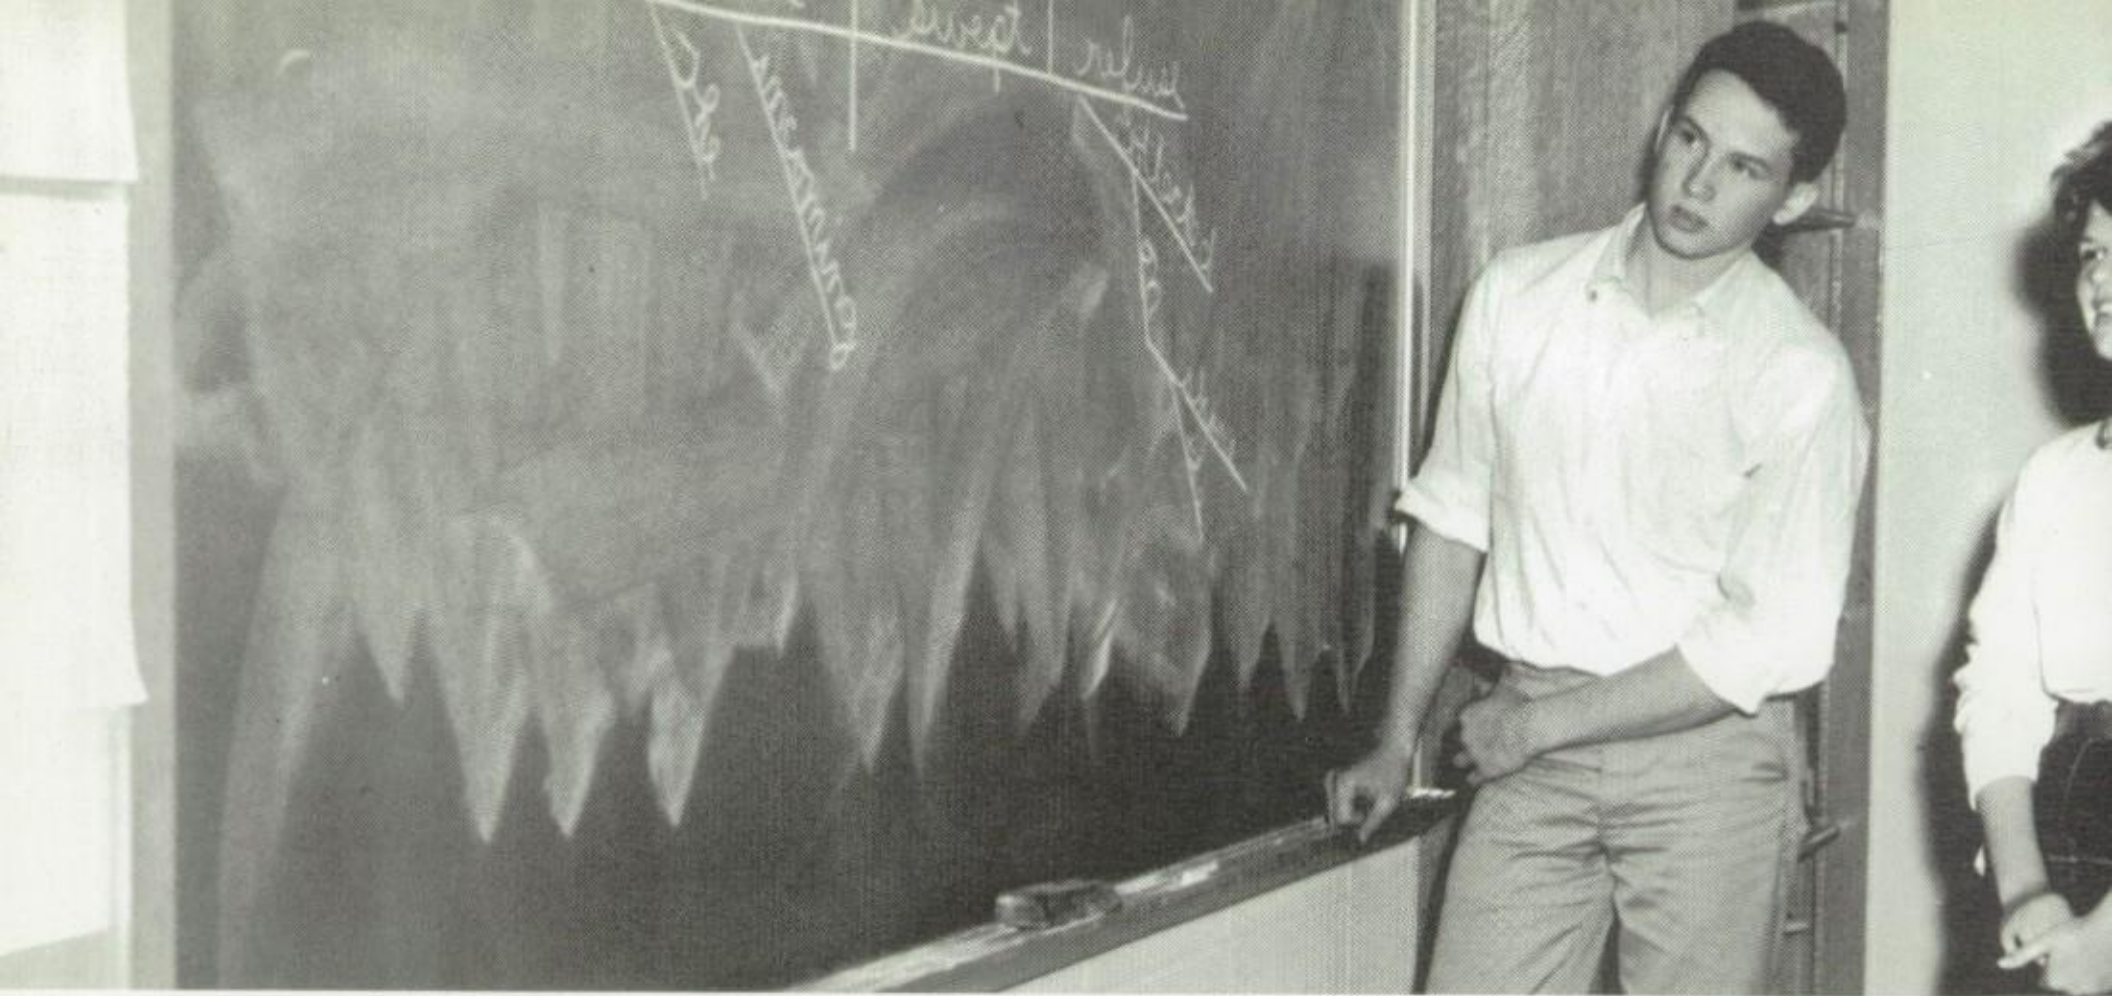

So lively is this journey, from ancient to present day events, that the subject extends beyond the classroom. Assemblies are presented, ranging from tableaux to energetic debates.

Learning

Guidance

Our devoted counselor, Mr. Weaver, is every ready to discuss problems, not only with students, but also with inquiring parents. With his helpful advice, careers are chosen and futures are planned.

English

Although the fundamental grammatical points continue to appear every year, reading a variety of literary types and writing essays and compositions have helped in building each individual's incentive.

O Wie

Home Economics

An individual observes the whirl of busy sewing machines or the alluring odor of freshly prepared foods upon entering the home-ec. room. The ideas of tomorrow's homemakers are developed here.

Driver Training

Schwenksville offers both class and road work. The recently acquired car, cokes at roadstands, and the privilege of becoming a licensed driver make this a desired program.

German

"Interessant" nicely describes Miss Byrnes's German class, enriched with movies and tapes. Occasionally, students present skits which are recorded to aid in pronunciation.

Interessant!

Industrial Arts

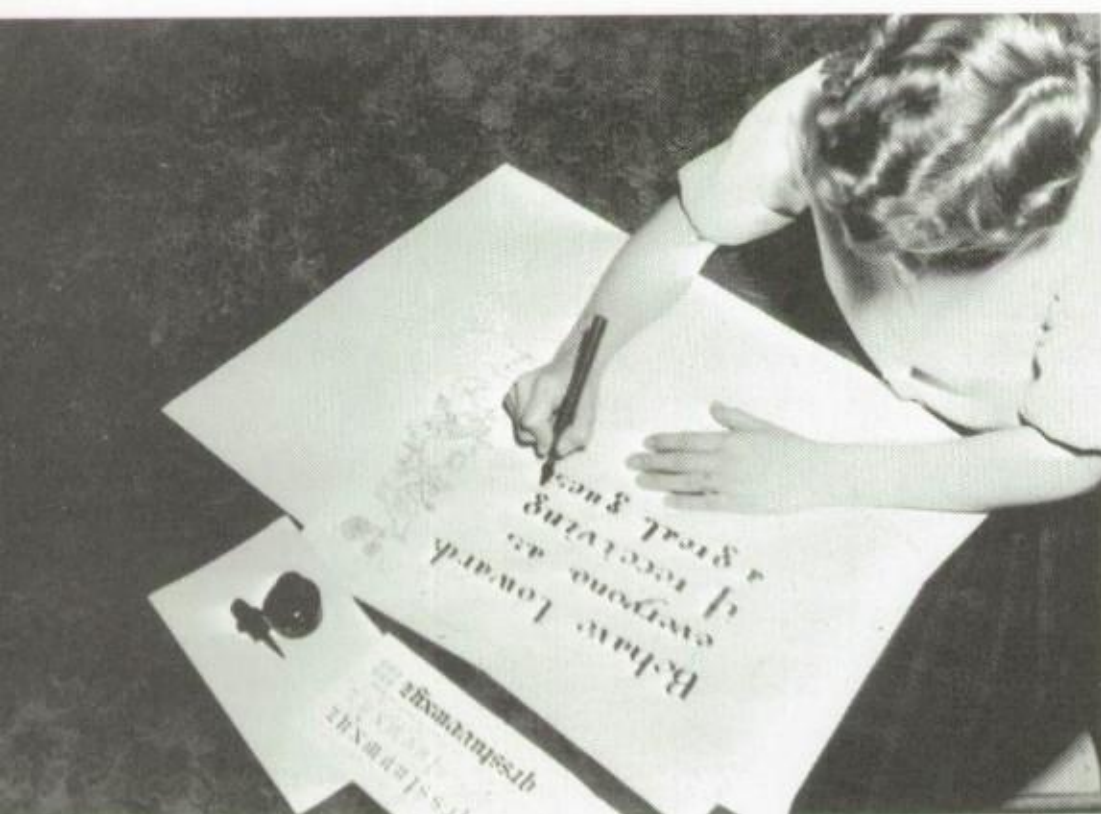

Some individuals may not be aware of "what's up, Doc?" but to be sure, the shop majors are not idle. Under the supervision of Mr. Eurich, articles ranging from ash trays to bookcases to end tables are devised.

Physical Education

This is a seasonal program providing both outdoor and indoor sports. In keeping with our national trends, physical fitness tests are administered.

We Gain Knowledge

Art

The doodlers can develop their skills with Mrs. Shaffer as they make sketchbooks of ancient sculptures or as they sit outdoors and capture an interesting subject in charcoal.

Music

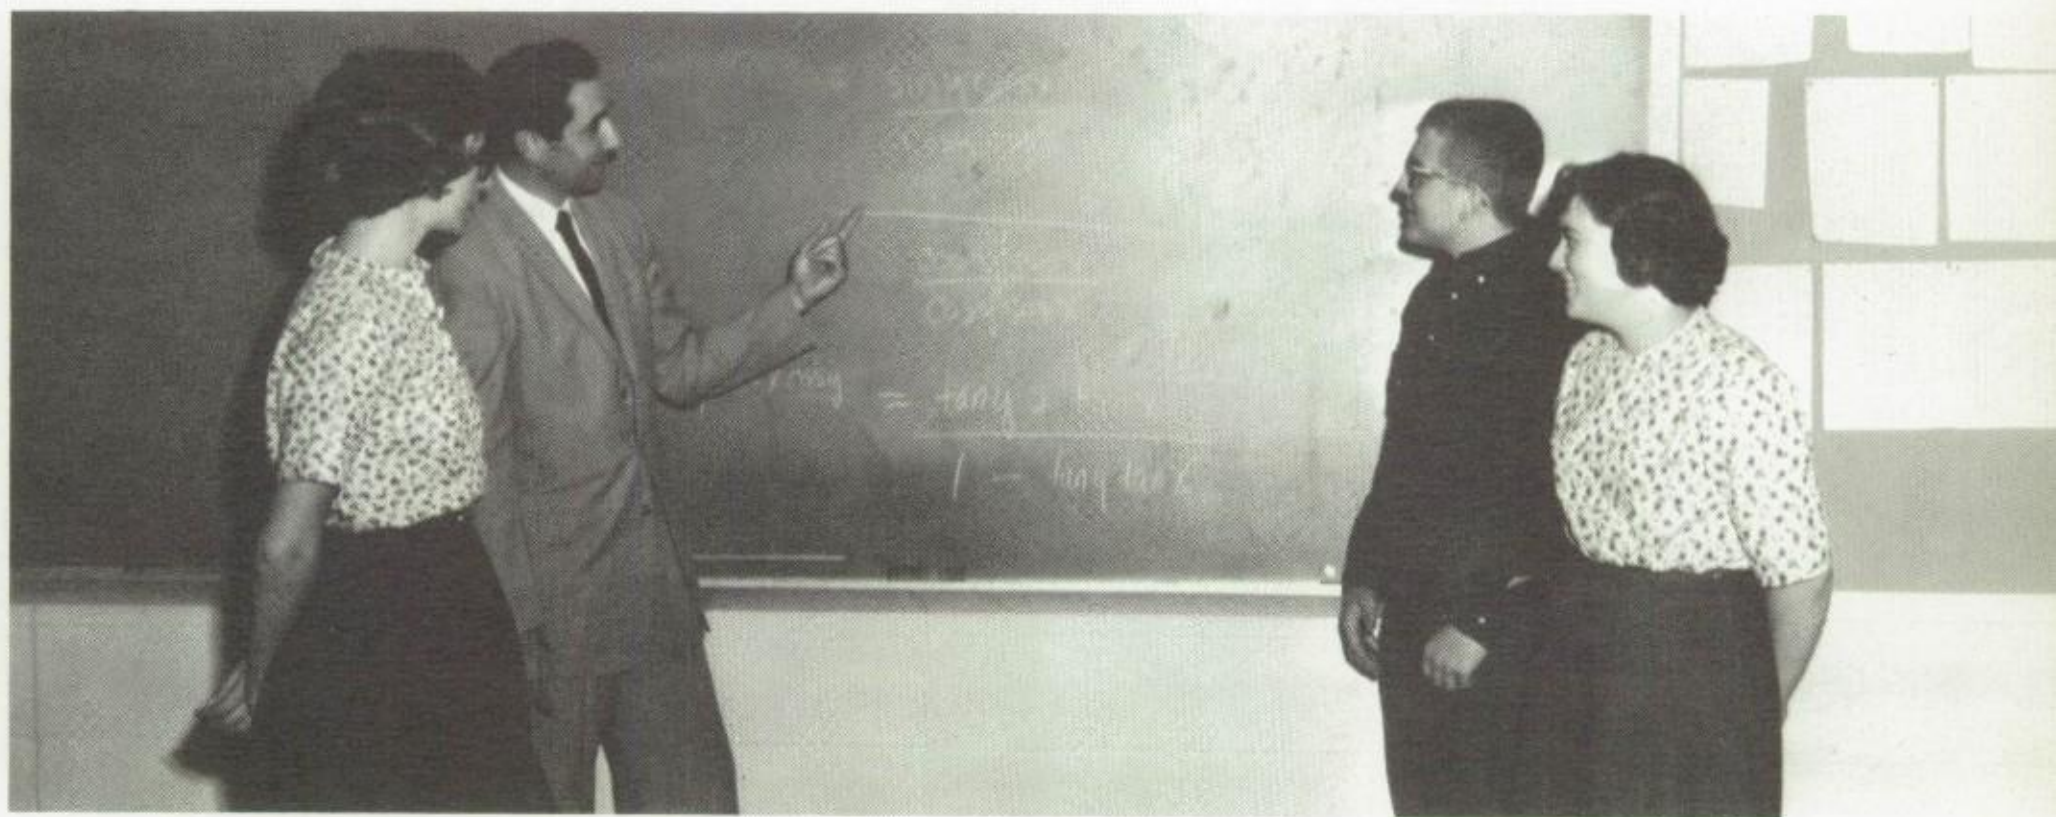

While classes of individual grades have regular music periods, additional groups participate in presenting music to the student body. A traditional Glee Club and newly formed Mixed Chorus sing at assemblies and school activities.

Health

The material on the health schedule includes not only a knowledge of the body functions and our relations with others, but also a first aid course. The advice of the instructors will always be helpful in meeting life's situations.

And Understanding

Mathematics

Numbers can be interesting with Mr. Carfagno and Mr. Fryar. Whether the subject be Trig., Geometry, Algebra, or Business Math, in the end everything is "turkey."

Their Sun Is Directly Above Them.

The Sophomore Class began the year by electing class officers. They chose as their president, Bob Clark, vice president, Carl Cook, secretary, Ruth Sullivan, and treasurer, Joan Minford.

They met with success in their candy sales, and even established a new record. They sponsored a Christmas dance entitled "Our Winter Love," on December 14, 1963 at 8:00 P.M. The dance captured the christmas spirit, and was enjoyed by students in grades nine to twelve.

An order was placed for class rings, and the Sophomores awaited their arrival.

The members of the Sophomore class wish to extend their best wishes to the class of 1964, for a successful and happy future.

With Eager Anticipation.

This year the class of 1965 has enjoyed many memorable and interesting experiences. Events for the year were spaced to keep us busy throughout the year.

In November, we sponsored our class dance, "In the Still of the Night." At Easter, we were faced with the problem of candy sales to raise money for our class expenses next year. We spent the last few months of the school year working on the big social event of the year, the Junior-Senior Prom. The entire class participated in this project with enthusiasm and provided an extremely enjoyable evening for the class of 1964.

Now our junior year is completed; next year we must take over the helm of the ship S.H.S. We, the class of 1965, will always remember the class of 1964 for their school spirit, participation in activities, and leadership. In saying goodbye, we say good luck and Godspeed.

Their unforgettable first dance.

CLASS HISTORY

September 1960, we ventured into a new day as Freshmen. We enjoyed an explosion of success both in the magazine campaign and in the final tallies of the May Day field events.

In our Sophomore year, our class organized into a powerful unit by electing class officers: President, Charles Yerger; Vice President, Al Cusumano; Secretary, Rita Golden; Treasurer, Iline Friel. Mr. Romasco gave us the boost we needed to send us successfully through our future years. Our candy sale afforded an ample profit for our growing treasury. On December 2, 1961, we sponsored our first dance, "Twilight Time." Blue and silver decorations bedazzled our guests as they entered the gym. On Sophomore Day, we showed a spirit unmatched throughout the entire school. We marched into the pep rally with a display of blue and white streamers and wearing our long-awaited class rings. A dream became a reality when our class banded together to give an unforgettable performance of "South Pacific."

The next step we took landed us right into our Junior year. Ellen Preston was elected class president; Al Cusumano, Vice president; Rita Golden, Secretary; and Iline Friel was appointed as our Treasurer. March 23, 1963, we turned the gym into a western saloon and presented, "A Night at the Big Bonanza." We aided the "bunny with the cotton tail" by selling Easter candy. And when it came time for the Talent Assembly, we were ready and waiting with a performance from "West Side Story." "Alabama Jubilee," our Junior Assembly, provided a perfect opportunity for our class to show its sense of humor. Days of preparation were given to our prom, "East of the Sun," but when the big night finally arrived, we realized that our time had been well spent. The gym resembled an Oriental paradise. Our days as Juniors were reaching an end when we bestowed the garland of flowers upon the Seniors of 1963.

Our Senior year was filled with activities . . . Christmas Card Sales, a Sadie Hawkins dance, our play, entitled "You Can't Take It With You," and a trip to Washington. Now it is dawn and we bid farewell and go our separate ways with these happy memories.

"Sharks" vs. "Jets"

The Junior boys sang to "Maria."

With Spirit and Determination . .

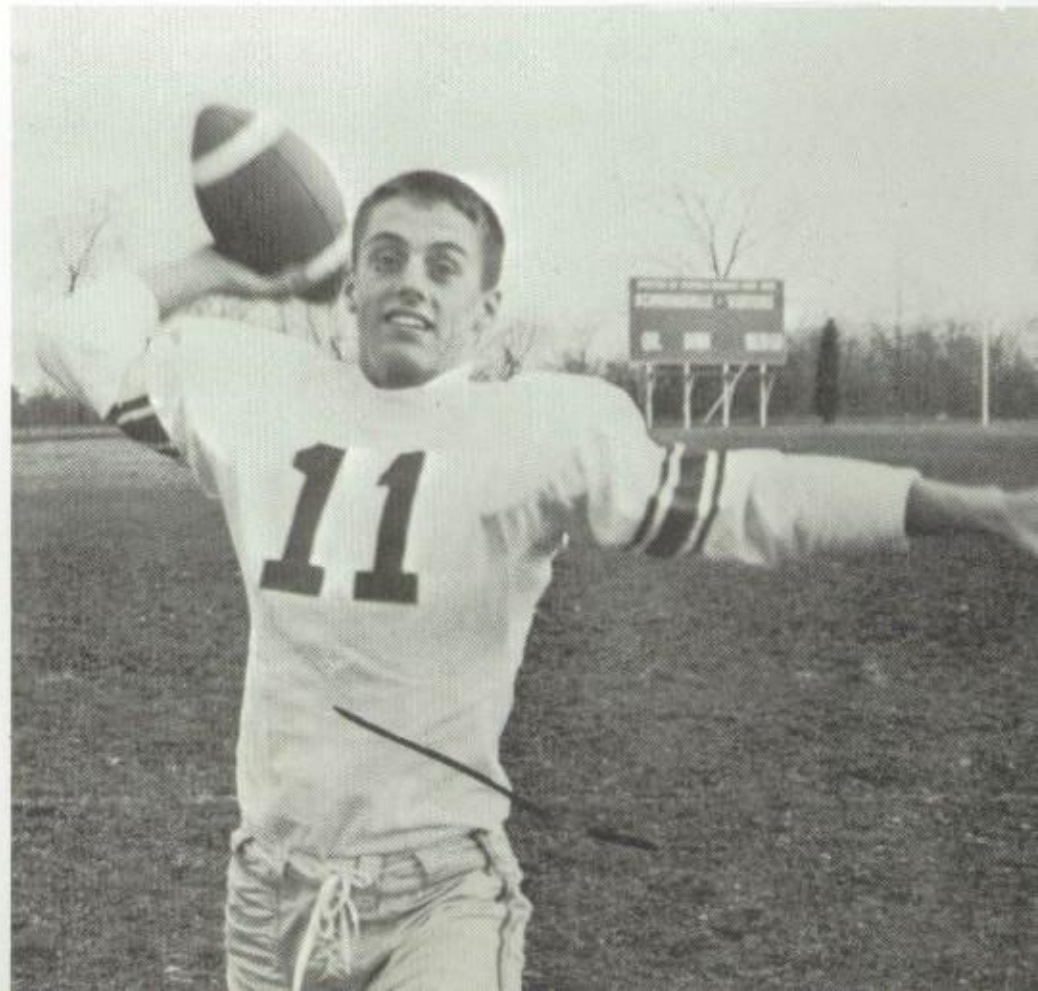

Our gridiron boys started the '63 season on a heart-breaking note, losing a 20-18 thriller to arch-rival Col-legeville-Trappe. But bounce back they did, with two straight victories, 25-19 over Bridgeport, and 7-0 over a heavily favored Wyomissing squad.

But at this point, the Bluebirds faltered and went down to five straight defeats. The loss to injuries of ace speedster and big gun Rich Johnson, who scored 31 points in

the first three games, was a major reason for the Bluebirds' frustrations. Chronic injuries to team captains Al Cusumano and Bob Huber, and a leg injury to Ricky Clark also hampered the team. Seniors Bill Anderson, Cliff Minford, John Levan, and Ken Nace strove mightily, but to no avail, to keep the Birds high. The fact that opponents knew the team now depended on the sure hands of ace flanker Bill Stinger, who caught

52 passes in three years, hampered the patchwork attack even more.

As a result, at the season's end the Bluebird log read 2 wins and 6 losses.

Team stars include three seniors and two juniors, all who made League Honorable Mention. They are Al Cusumano (13 points); Rick Johnson (38 points); Charlie Yerger, the spunky 135 pound right guard and defen-

sive signal caller; Ken Wadlinger, one of the best defensive ends in the league; and John Wojcik, a tough junior from whom we may expect great things next year.

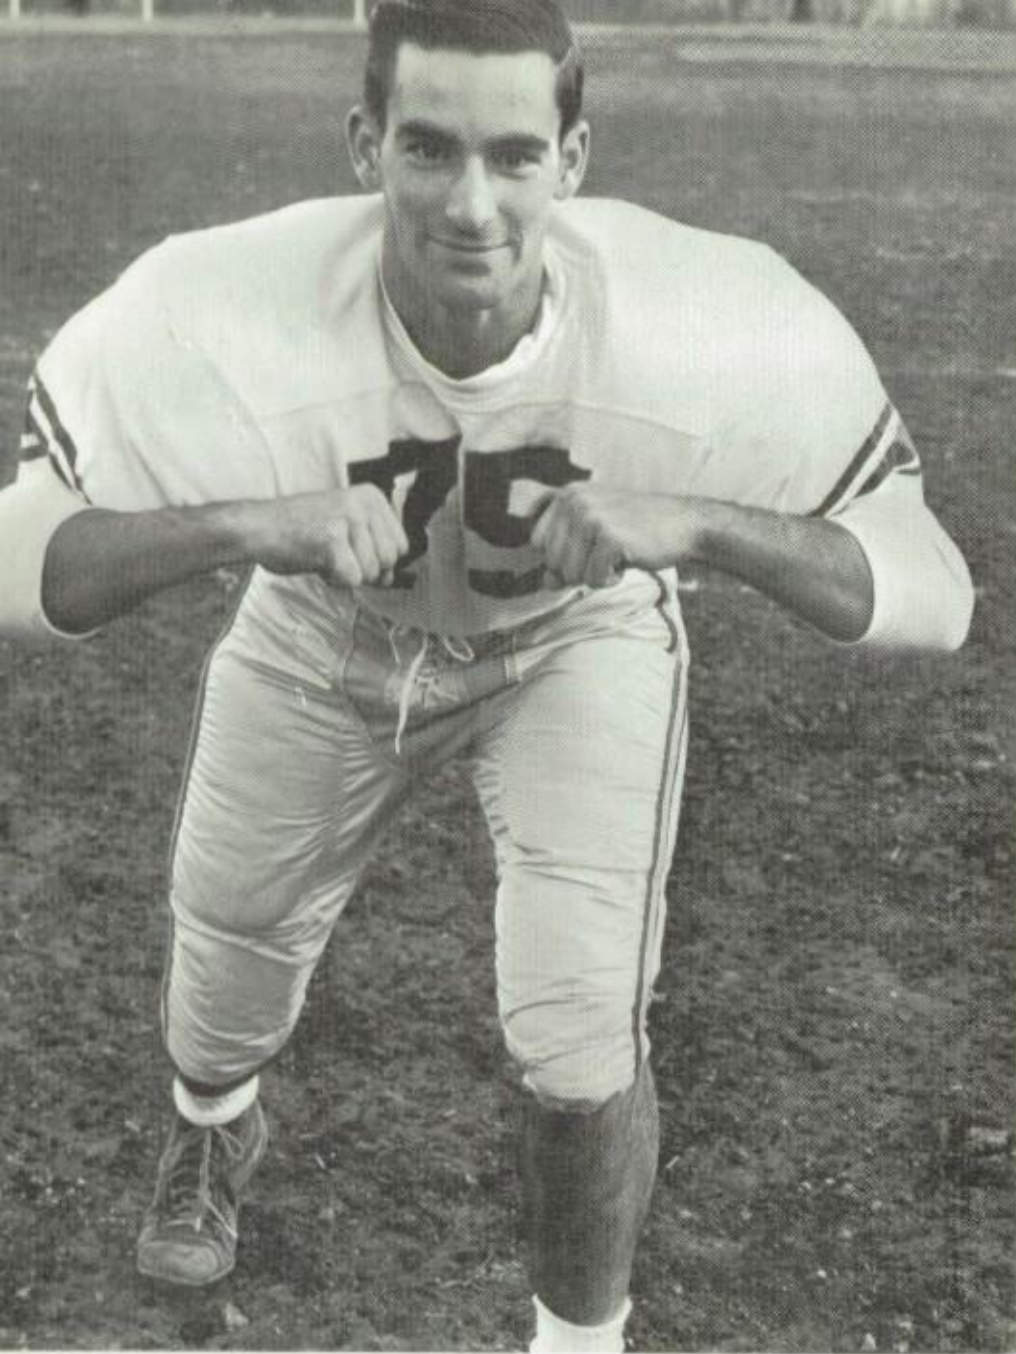

With 19 lettermen returning, hopes are high for a successful season in '64.

Our Queen Welcomed the Alumni

With a flourish of confetti and blue and white, we ushered in our 1963 football season.

Karen Myers was Homecoming Queen, adding extra spice to the entire celebration with her red, red hair.

Attending the queen were Linda Huels, Iline Friel, Rita Golden, and Chris Hefner.

The girls were all attired in suits for the game and afternoon festivities.

Many of the alumni returned to the school to witness the Homecoming Football Game and the ceremonies of the Queen's coronation. To the left, our lovely 1963 queen, Karen, appears as she did that day as she reigned.

Under the able coaching of first year head mentor Mr. Stein, our young Bluebirds compiled a commendable 1-2-1 record.

Although they were outclassed twice by a much larger Pottsgrove team, our 23 gladiators from S.H.S. flashed their colors against Conshohocken, battling them to a scoreless tie in the first round, and then whipping the Cubs 13-7 at Conshohocken.

S.H.S. rooters can look for Fred Gertzen, Barry Gaugler, Dave Hardy, and Ronny Clark to lead the fighting Bluebirds in the future.

These Lady Bluebirds Met with Success

Led by eight experienced seniors, our S.H.S. Varsity girls made a strong bid for the 1963 Inter-County crown. The Lady Bluebirds started fast, winning a pre-season game against a strong Spring Ford team, and moving easily past their first three opponents. Two late season losses, however, thwarted the girls' bid for the championship, and they finished the season with a 4-2-1 record. The 1963 season, to say the least, was the

most successful in many a year at S.H.S.

Ellen Preston, who for the fourth consecutive year was a varsity letter winner, was the team sharpshooter with eleven goals. Ellen's play was indicative of the talent and spirit displayed by other seniors: Linda Huels, Sheila O'Neil, Elly Hyatt, Nanny Hader, Pat Dice, Donna Gamble, Linda Barron, and Chris Hefner.

Our fighting basketball J.V.'s possessed potential and determination to score victories this year. With work and effort, and the skillful coaching of Miss MacLennan, they shaped a strong defense combining zone and man

The light of success shone brightly on the '63-'64 Bluebirds' courtball fortunes. Although our boys lost all of their non-league games, they flew high in league competition. Bob Mellor's jump shot wrapped it up, 63-61 for the Bluebirds.

Big guns for the Bluebirds were Ken Nace and Rick Johnson, both yeoman rebounders and point scorers. The addition of John Levan to the starting lineup provided a punch for Mr. High's offensive tactics, as "Big John" came through strong in the late season victories.

hanging flowers accentuated the Oriental theme. Numerous other decorations were provided to make this prom unequalled in the history of S.H.S. Diana Spatz was crowned Queen of the Prom by Ellen Preston and reigned supreme until 11:30 when festivities came to an end.

We danced until our cars turned into pumpkins.

Disaster occurs when the family of Alice's fiance comes to dinner on the wrong night. But Grandpa's reasoning unites the broken lovers and their families again.

*We
Bid
Farewell*

Senior class president Dave McCahan passed the key . .

A New Day Dawned . . .

Last year, unlike other years, the traditional Class Night activities were held during an assembly program. The class of 1963 performed a satirical comedy, and then presented the "gifts" to the class members. A key was passed from the president of the graduating class,

Dave McCahan, to our president, Ellen Preston. After they proceeded up the aisle bearing the garland of fragrant spring blossoms, the Junior Class presented it to the Seniors and sang a farewell — "May the Good Lord Bless and Keep You."

We said goodbye with a garland.

*To
the Class
of 1963*

... the key of responsibility, to Ellen Preston.

Holding Promise for Things to Come.

Commencement was held in the High School Auditorium on Tuesday, June 11, 1963. The guest speaker was Milton J. Shapp, Chairman of the Board of the Jerrold Corporation. Robert G. McCahan presented the diplomas.

Baccalaureate and Commencement passed quickly, and before we realized it completely . . . we were the Senior Class.

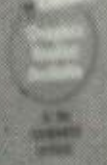

Just before the dawn.

The Loudest Shot the World Has Ever Heard

In memory of the late President John F. Kennedy

In his Thanksgiving message, President Lyndon Johnson stated that we, the citizens of the United States, must "close down the poison springs of hatred and intolerance and fanaticism." America is on a "drunken spree" of hate. We of the Senior Class believe that this must come to an end. Certainly we must keep our freedom of expression, but hate groups, violence, and intolerance must be discontinued, through eternal vigilance on our part. Now we need unity as never before. Party and personal views are all beside the point.

We call ourselves advanced, but in some ways we are so far behind. It seems impossible in a civilized society such as ours, this could happen. The "protector of the world" and the "benefactor of the poor," the man whose capable shoulders held the weight of the world's responsibilities, is gone, leaving behind a grieving widow, children, and a pleading nation. Why?

President Johnson has said, upon recalling President Kennedy's Inaugural Speech stating "let us begin," "Let us continue, keep commitments. In this age when there can be no losers in peace and no victors in war, we must recognize the obligation to match national strength with national restraint." Or, as Garfield (who was to be assassinated sixteen years later) said on the day that Lincoln died in 1865, "Fellow citizens, God reigns, and the government at Washington still lives." Our country must go on, and strive for great improvements, and a better society." "The loudest shot the World has Ever Heard" happened that day in Dallas. Perhaps this was a reminder that the bell that tolled in Dallas, on that fateful November 22, 1963, tolls for all.
